Dear Patient,

You may have a co pay with your insurance that is due the day of your surgery. It is your responsibility to call your insurance company prior to your surgery date and find out the amount of that co pay (if the amount is not listed on your insurance card). The co pay usually needs to be paid with each visit to the surgery center. If the amount of your co pay is more than you can afford at the time of surgery, please call **Chaelle with Madison Street Financial Services** to make payment arrangements, she can be reached by calling 303-388-5353 and asking for **ext 335**.

There are three statements that you will/could be getting:

1. from Anesthesia
2. from Omni Eye Specialists
3. from Madison Street Surgery Center

Anesthesia will send a separate bill for procedures, the Omni Eye Specialists portion of the bill will be for the doctor's professional fee, and the Madison Street Surgery Center portion will be for the use of the surgical facility.

We hope this information will help you understand these statements when they arrive. If you have any questions about this information please do not hesitate to call us.

Thank you,

Madison Street Financial Services
